

Romantic Couture Recycled Fashion

*Recycled textiles can be fashionable and unique
without costing the earth.*

Choosing to buy recycled products ensures
our natural resources are not wasted.
Don't throw away that favourite, old
garment - with a touch of creativity,
we will turn it into something new,
fresh, stylish and unique, without
compromising quality, fashion
or the environment.

Bridal Wear

Romantique Couture offers you a comprehensive fashion design and dressmaking service, providing everything from alterations and recycled outfits, to complete Wedding dresses or stylish Evening gowns.

Nothing is too small for us at Romantique Couture: high quality day wear, bridal accessories, unique designer clothing for that special occasion - a cocktail evening, birthday party, school prom, or even a day at the races. Our professional fashion designer and dressmaker, Angela Morton, will create that special, individual garment you have always dreamed of

- individual, eye-catching, and a statement of who you are which cannot fail to impress!

Evening & Day Wear

Angela's style is all embracing; influenced by anything that comes her way. Whether it is the landscape of her home in the Lake District, or the delicate shades of a wildflower, her inspiration is sure to transcribe such hints of everyday beauty into

each individual design and outfit she crafts.
